Somewhere To Go!

Two Hundred Attend Opening

Mayor Gaggero Speaks At Saturday's Program

Servicemen stationed in the Daly City area now have a club at which to spend their off-duty evening hours, reading, listening to the radio, writing letters, playing games, or just "visiting." Located at 6201 Mission street, the Daly City Servicemen's club was officiallv opened at dedication ceremonies, Saturday night.

Main speaker of the evening was Mayor A. J. Gaggero, representing the City of Daly City, which has made the whole project feasible by underwriting rent and utilities expenses. Others on the program, which was attended by more than two hundred people, included Councilmen John J. Fahey sr. and Edmund Cavagnaro, and Lieutenant Mark A. C. Young, who, with sincere appreciation, accepted the center for servicemen stationed in this area.

Much credit for the opening of a club, to meet Daly City's lack of facilities for hospitality to soldiers here, goes to Mrs. Anne Eason, Mrs. Maisie Boyle and Mrs. Margaret Steele, who organized

AROUND THE PIANO

At the official opening ceremonies of the Daly City Servicemen's club, Saturday night, May 29, the center's piano was initiated with a good old fashioned song-fest. Miss Esther Vireno plays for the servicemen: Sergeant Woodrow Calloway, Sergeant Woodrow Johnson, Sergeant Wally Westlund, Corporal Victor Phillips, Private First Class Miller, Corporal Mazziota, Corporal Charles Bullock, Private Sommers, Private Kaczi, Private First Class Ernest Cowman, Corporal Johnnie Churchwell, and Private First Class Ed Roelfs.

"INSTRUMENTAL"

Instrumental in the establishment of the servicemen's club is exactly the phrase to describe the three ladies in the picture at the right: Mrs. Maisie Boyle, Mrs. Anne Eason, and Mrs. Margaret Steele. Shown with them is Mayor A. J. Gaggero, representing the city council of Daly City which made possible the speedy opening of the center by underwriting those troublesome costs like rent and utilities.

LARGE TURNOUT

More than two hundred local citizens, officials and servicemen were on hand for the open house at the club, Saturday night. Seated in front of the crowd are Chief Andrew P. Chesney, Councilman Edmund Cavagnaro, Lieutenant Mark A. C. Young, Mayor Gaggero, Councilman John J. Fahey sr., and Andrew Vireno, owner of the building in which the club is located.

Something New Has Been Added - A '25'

Daly City residents have received notices from the San Francisco post office advising them of a new system of addressing letters, designed to expedite distribution and delivery of mail It is already in effect here and in 177 large cities throughout the nation. Daly City is affected because it is served by a branch of the San Francisco post office.

Herbert Guptill, in charge at the Daly City branch, 6251 Mission street, explained that under the new system San Francisco, including Daly City and Colma, had been divided into districts and all mail henceforth must bear the postal district number as well as the address. The postal district number is to appear between the name of the city and the state. For example:

John Doe
000 Westlake Avenue
Daly City, 25, California

The notice to patrons advised: "Expedite the delivery of your mail by requesting relatives, friends, churches, banks, lodges and publishers of magazines and papers you receive through the mail, to include this number of

Are You "Flunking" In Tin Salvage Course?

Want to know if you're passing in an important war-time "subject?" The course is tin can salvage and the answer is "no." Your grade is something like 33 1-3 per cent and anybody who ever went to school knows that such a grade doesn't lead to promotion.

Current nation-wide collection of tin cans is just about a third of what might be salvaged for the war effort, the Office of War Information announced this week.

The OWI explained that the salvaged tin is necessary to fill the import deficit caused by the reduction in tin available from other sources such as Malaya

Packers To Play In Daly City, Sunday

Because of a change in the game schedule of the Peninsula Summer Baseball league, the Farralone Packers of Daly City will return to Marchbank park, next Sunday afternoon. At 2:30 they meet the Moffat Mantecas in an attempt to regain the top spot in league standings.

Manager Norry's Packers are now in a three-way tie for the lead, with the San Mateo Blues and Belmont Merchants, each team having won three games and lost one. The Moffats have won a lone contest, while losing three. Other games in the circuit bring together the Blues and Burlin game, while the Simons company squad meets Belmont.

In the 11:30 a. m. tilt, the Packer Juniors go up against Ross Valley, with the locals making their first appearance in new uniforms.

To Distribute Self-Aid Posters

Every home in Daly City will soon be provided with a handy cardboard poster on self-aid after contamination with war gases, according to Arthur J. Bodien, Civilian Defense director.

Bodien has received 5,000 of these posters from the San Mateo County Civilian Defense Council. He strongly urged that one be posted in the bathroom of each household and that members of the family be entirely familiar with the directions.

The posters cover full details of what to do if the eyes have been affected, if eyes are not affected, if drops of blister gas have splashed the skin, treatment of nose and throat, supplies to have on hand, general instructions in the event of a gas raid.

In the event of a gas raid, residents are told to stay indoors. Choose a room on an upper floor

Board Requires Tire Inspection Records

Miss Genevieve Blue, chief clerk at War Price and Rationing Board No. 83-12-3, today reminded Daly City and Colma drivers that applications and renewals for supplemental mileage gasoline rations must be accompanied by the required tire inspection records.

The applications must be signed by plant transportation committee or employer, and forms must be completely filled in.

Unless these details are handled correctly, delay in issuing gasoline rations results, Miss Blue pointed out. Address of the local rationing board is 473 Grand avenue, South San Francisco.

Present Summary Of Ration News

SUGAR

Sugar stamp 13 in War Ration Book One became valid June 1, and will be good for 5 pounds of sugar through August 15, the Office of Price Administration has announced.

This maintains the current ration of five pounds of sugar for a period of 2 1-2 months, or just under 11 weeks, for another ration period.

Stamp Number 12, good for five pounds, expired on May 31.

SHOES

Stamp 18 in War Ration Book One will become valid June 16, 1943, for the purchase of one pair of shoes, the Office of Price Administration announced. The validity period of Stamp 18 will be announced later.

COFFEE

An increase in the coffee allowance for June has been announced by the Office of Price Administration.

Stamp 24 in War Ration Book One, valid on May 31, can be used in connection with the purchase of one pound of coffee through June 30—a period of one month instead of five weeks.

Appoint VanWaynen As Senior Gas Officer

Arthur J. Bodien, director of Daly City's Civilian Defense Council, this week, announced the appointment of Martinus VanWaynen as senior gas officer for this community. VanWaynen, a member of the faculty at Jefferson Union high school, replaces R. L. Gray, who has left to take a post as assistant field director with the American Red Cross.

Bodien advised the public that the Civilian Defense Council will meet every other Thursday night, hereafter, instead of every Thursday night. Next meeting will be June 10 at the city hall and a better attendance is urged.

At the Thursday, May 27 meeting, a test of the control board crew was held. In addition to the regular personnel, four men, who will respond during alerts and blackouts, representing the P. G. and E. and Pacific Telephone company, were in attendance.

Bodien has issued a supply of registration blanks to the heads

Fire Damages Three Local Residences

Three homes in Daly City were damaged, early Sunday morning, when fire that had been smoldering for a long time in a workshop at 434 Winchester street, broke into flames which quickly swept to the adjoining residences, 430 and 438 Winchester street. The alarm was given shortly after 8 a. m. from the box at Brunswick and Evergreen, when neighbors saw smoke pouring from 434 Winchester.

According to Fire Chief Andrew P. Chesney considerable time was lost due to the fact that an alarm was given to both San Francisco and Daly City Fire departments by phone, in addition to the one turned in at the box. Even with the delayed alarm, Daly City Fire Companies No. 1 and 4 succeeded in getting a 1-inch and a 2 1-2-inch line on the fire before the

Youths Burglarize Hammar's Station

Hammar's Shell Service station at 6098 Mission street was burglarized, Sunday night, May 30. Discovery of the theft of money, a cigarette machine, and gas ration stamps was made by the proprietor, Mac Hammar, when he went to open the station, Monday morning, May 31. He immediately contacted the Daly City Police department.

Later Monday morning, Officer August Benassini, while patrolling, was notified by a passing pedestrian, that there was a cigarette machine on Niantic avenue about 100 feet north of San Mateo avenue on a dirt road. This was the machine taken from Hammar's.

Due to the general report sent out to other police departments by the local officers, three colored men, picked up in Redwood City on suspicion of pulling burglary jobs, were held there and referred to the Daly City police. They confessed to the service station job at Daly City. They had entered by using screw drivers to force the doors. When they were picked up they had with them a DeSoto sedan, which they had stolen in San Diego.

A fourth colored lad was involved in the Daly City burglary. He was a San Francisco youth, Clifford Lyons, 19, taken into custody

"Great Distinction"

Stanford university, this week, announced the list of the June 13 graduating class who will receive their degrees with honors. Among those winning the coveted connotation of graduation "with great distinction" is Willard Mitchell, of Daly City.

Mitchell was graduated in 1940 from Jefferson Union high school here, where he was outstanding in scholarship, as well as holding the office of president of the student body.

His parents, Mr. and Mrs. Willard R. Mitchell formerly resided at 551 Vista Grande avenue.

Men In Service

STARTS TRAINING

The public relations office at Corsicana, Texas, Army Air Forces Flying school, has announced that **Ernest S. Parminter,** Daly City, has just arrived there from the San Antonio Aviation Cadet center, San Antonio, as a member of Class 43K.

Cadet Parminter has been assigned for primary flight training to the Air Force Training detachment, one of the many primary flying schools in the Gulf Coast Training center.

He is the son of Mr. and Mrs. E. Parminter, 299 Hillcrest drive, Daly City.

When Parminter was graduated at the San Antonio Aviation Cadet center he was one of the 241 California men in the class.

JAP PRISONER

Last week, the Navy department made public the names of ten San Francisco area men who were among 952 U. S. Marine Corps personnel held prisoners of war by the Japanese. Among those named was Staff Sergeant **James Wesley Fulton,** former Daly City boy, who was reported missing in action after the fall of Bataan.

The news that her son was alive was good word indeed for Mrs. Anna Fulton, who resided at 285 Acton street, until recently. She now lives in San Francisco at 25 Keystone way.

Fulton was graduated from Jefferson Union high school in 1935 and joined the Marines in 1938. He spent two years in Shanghai and was evacuated to the Phillipines just before war broke out. He served with the Fourth Marines on Bataan, where he was taken prisoner.

ON EMERGENCY FURLOUGH

Private First Class **Charles M. Allen,** who has been visiting his wife at the home of her parents, Mr. and Mrs. Clarence Page, 532 San Diego avenue, this week returned to Buckeley field, Denver. Colorado, where he is stationed with the U. S. Air corps. His trip home was an emergency furlough as Mrs. Allen has been seriously ill. She is now well on the road to recovery. Both Allen and his wife attended Jefferson Union high school and have a wide circle of friends and acquaintances here.

COMPLETES COURSE

Among Bay area boys who have just completed their advanced flying work at Corpus Christi, Texas, is **Robert J. Christen,** 120 Irvington street.

Spring Football Practice Closes

Two weeks of spring practice and drills in the fundamentals of football at Jefferson Union high school will close tomorrow (Friday) afternoon with a game between teams comprising graduating members of last year's squad and a possible varsity combination for next fall. Coach Glenn South has announced the contest will be staged at 3:30 p. m., following the day's classes, and a small fee to be charged will go into the injury benefit fund.

The advance practice brought out more than 55 boys, although for many of them, it was their first try at the game. Coach South has only four returning lettermen as a nucleus for his coming team. Because many of the new players are small, he is considering a division of the squad into two groups, with one entering the "frosh-soph" Peninsula league.

This would be a new step for Jefferson, since no local entry has ever been made in this class. However, it is expected that it would give many of the smaller boys a chance at competitive football which otherwise would be denied them. The matter is one of several to be taken up at a meeting, tonight, of coaches in the league, in which South will take part. Among other things, definite football and basketball schedules are to be drawn up for the coming seasons.

CURRENTLY AT THE DALY CITY THEATRE

ANN SOTHERN

M-G-M's "Three Hearts For Julia," co-starring Melvyn Douglas and Ann Sothern for the first time, is a lilting story filled with tangled romance. It concerns a girl violinist, Ann Sothern, married to a foreign correspondent, Melvyn Douglas. Their marital differences are due to his globetrotting penchant. They decide to get a divorce and she asks his aid in choosing between Lee Bowman and Richard Ainley, both ardent suitors. His solution adds a hilarious ending to a gay comedy.

Romantic Team Now At Daly City

Ann Sothern and Melvyn Douglas come to the screen as a new romantic team in a new idea in comedy entertainment, in "Three Hearts for Julia," now showing at the Daly City theatre. Miss Sothern forsakes the flippancy of Maisie and Douglas becomes a rather serious journalist in their new characters.

Complications start when Douglas returns from two years abroad to find his wife, Julia (Miss Sothern), planning to divorce him and completely absorbed in the affairs of a feminine symphony orchestra. He also finds he has two rivals, in the persons of Lee Bowman and Richard Ainley.

When Reginald Owen, playing his publisher, doesn't know how to iron out his tangled marital life, a symphony conductor, played by Felix Bressart, takes a hand. In a hilarious climax the bewildered husband and his musical wife finally find their difficulties settled.

Richard Thorpe directed with a deft lightness that brought out delicate human interest moments. Miss Sothern plays her role with droll gravity, Douglas garners many laughs as the bewildered one, and Lee Bowman and Richard Ainley provide two personable "rivals," although neither plays a "heavy" in the story.

Music by the women's symphony orchestra is beautifully executed and they add a pictorial highlight. Miss Sothern's Irene-designed wardrobe will attract much attention from feminine audiences.

County Health Dept. Makes Weekly Report

The communicable diseases report for the week ending May 22, made by the San Mateo County Department of Public Health and Welfare, showed six cases of mumps, three of chicken pox, and one of measles for **Daly City. Colma** had one case of chicken pox and two of measles.

The department of public health again reminded parents and school authorities, as well as police, that rabies is prevalent in the county and that a quarantine is in effect requiring that all dogs be confined. In the interest of public health and safety dogs must be kept off streets, the bulletin said.

Fresh Fruit De Luxe

By Frances Lee Barton

WITH canned goods obtainable in limited quantities and thus held for emergencies or busy-day meals, we should fill our recipe files with tested recipes calling for fresh fruits and berries. Serve these healthful foods in new forms. Serve them regularly. Here is one excellent suggestion for a "starter":

Fresh Fruit Tapioca

2 cups sliced mixed fruits, sweetened; 2½ cups fruit juice and water; 4 to 5 tablespoons quick-cooking tapioca; ½ cup sugar; ¼ teaspoon salt; 1 to 3 tablespoons lemon juice.

Let sweetened prepared fruit stand ½ hour. Drain; add water to juice to make 2½ cups. Combine tapioca, fruit juice and water, sugar, and salt in saucepan and mix well. Bring mixture quickly to a full boil over direct heat, stirring constantly. Remove from fire. (Mixture will be thin. Do not overcook.) Add fruit and lemon juice. Cool, stirring occasionally — mixture thickens as it cools. Chill. Makes 6 to 8 servings.

Note: Use fresh fruits such as cherries, peaches, oranges, and berries.

Auxiliary Holds First Nomination

First nomination of officers was held at the business meeting of Daly City Unit No. 410, American Legion auxiliary, last night, June 2, at Legion hall.

Final arrangements for their public whist, tomorrow afternoon, June 4, at Legion hall, 474 San Diego avenue, were made. The public is cordially invited to attend the card party, which begins at 2 p. m. There will be nice prizes, including a cash first award.

On Sunday evening, May 30, the local auxiliary held services for one of their past presidents, Mrs. Lottie Chapman, who passed away, Friday, May 28. The services were held at the W. C. Lasswell and company chapel.

Servicemen On Leave May Get Gas Rations

Members of the armel forces on leave or furlough for three days or more will be able to qualify for a special ration of up to five gallons of gasoline for personal errands for which other means of transportation are not available, the Office of Price Administration announced.

A man or woman in the service may get this special gasoline ration by presenting pass, leave or furlough papers to a War Price and Rationing Board and the board may issue one-gallon bulk coupons (up to five in number) to cover the applicant's requested mileage.

PREPAREDNESS PLAYS ITS PART IN HOSPITALITY

Are you prepared, if friends drop in tonight, to extend full hospitality as you'd like to do?

No doubt, like the great majority of folks, you've had to "cut down" on the number of times you can have guests for dinner, due to the rationing of foods. But when friends come to your home, it's the thoughtful host who can offer a friendly beverage to honor the occasion.

It's important, too, to remember quality — serve the better, advertised brands of liquors, wines, beers and mixtures featured at the

A special rationing committee was named composed of Miss Hilda Schneider, chairman San Mateo County Nutrition Council, Redwood City; Miss Elinor Hansen, chairman, County Defense Council Food Preservation committee, Burlingame; and Mrs. Isabelle Sharman, home economics instructor, San Mateo high school.

Application blanks for ration certificates may be had by writing or phoning the San Mateo County War Board at Half Moon Bay 5751.

A 75 PER CENT RUML PLAN

All of life is a compromise, some philosopher once observed, so it is not to be wondered at, perhaps, that Senate and House conferees—heretofore at loggerheads on pay-as-you-earn tax legislation—have come up with a compromise program which one congressman characterized as "75 per cent of the Ruml Plan."

The new program, which has an excellent chance of becoming law, wipes out an entire year's Federal income tax for those whose total bill for the year amounts to less than $50. There are more than 2,000,000 taxpayers in this category. For other taxpayers, the compromise proposal abates three-fourths of a year's obligations, the remaining fourth to be paid in two annual installments. It also imposes a 20 per cent withholding levy against the taxable portions of wages and salaries, effective July 1.

Provisions of the new plan are almost identical with provisions of the Ruml Plan, except that the Ruml Plan would have abated 100 per cent of a year's taxes for all taxpayers, while this plan grants a 100 per cent abatement to some, and 75 per cent to others. The thoughtful citizen may regret that there was so much sophistry and hypocrisy in the Washington debate on the tax issue, for if the Ruml Plan was wrong, 75 per cent of the Ruml Plan is just as wrong. Actually, of course, the plan was and is sound, but it had the misfortune of falling afoul of partisan politics.

At any rate, taxpayers, who have not known what to expect, or when to expect it, will breathe a sigh of relief that a program has been agreed upon. Virtually everyone recognizes that some action is vitally necessary to get taxpayers on a current basis, as a safeguard against the day when war boom earnings will suddenly evaporate, and if the program achieves that objective it will be a considerable aid to post-war adjustment.

BONE OF CONTENTION

The long-standing controversy between consumer, processor, and retailer, as to the value of grade labeling, has finally been settled by OPA. Under the new order, grades must be indicated on invoices every time the cans change hands until they reach the retail stores, but they will not have to be stamped on the labels.

This controversy, a run-of-the-mill peace-time argument has been on the docket for four months past, and Mr. and Mrs. Consumer have been inclined to ask, "What's all the shouting about?"

After all, brand names are the old reliables, to the consuming public, who wouldn't really want to have to worry about whether it was buying grade A, B, or C if it knew that the flavor was that good, familiar taste of peaches, pears, peas or what have you.

The argument originated with professional consumers. The canners insisted that such rules would confuse housewives and have a tendency to rob processing of its "initiative and enterprise." The canners also feared that grading would tend to destroy the goodwill built up in advertising. Finally OPA grasped the extent of additional expense and labor involved in developing and printing new labels now, when a record food production must be pushed.

The OPA promised consumer groups an educational program for explaining to housewives the grades in canned goods. But it is to be hoped that we won't be bothered with such minor details of living at this time. Reforms should not turn into rackets. When the war is won, we'll be more interested in the exact quality of every morsel we take into our mouths. Just now, we are glad to get a morsel, whether A, B, or C.

READING & WRITING

BY *Edwin Seaver* AND *Robin McKown*

HILARY ST. GEORGE SAUNDERS is probably the most widely read author in the modern world, and yet his name has seldom, if ever, appeared in print—either on the title page of his own books or elsewhere. He is the author of the official British Government reports on the various branches of the British fighting services, with such books as "Bomber Command," "The Battle of Britain" and "Coastal Command" having sold well over 12,000,000 copies. Since all his works are official British publications, all of them have been published anonymously, under the British Government seal. The latest in the series, "Combined Operations," the complete story of the Commandos to date, is the Book-of-the-Month Club selection for June, along with Isak Dinesen's "Winter's Tales."

Hilary St. George Saunders

Saunders is said to know more about the progress of the war than even Winston Churchill. As official recorder for the Combined Operations Command, headed by Lord Louis Mountbatten, he is the recipient of all reports from land, sea and air forces engaged in raiding enemy territory throughout the world. It is his job to correlate these reports into the picture of the war as a whole, and to keep his records straight he has to know what's going on not only along the coasts of France, Belgium, Holland and Norway, but also on such far flung coasts as New Guinea, North Africa, China, Iceland and India. It is said that Saunders can put his finger on any spot on the globe and know precisely what forces, both Allied and Axis, are engaged, and what the strength is on each side.

"Combined Operations" takes the story of the Commandos from the time they were first organized, after the British evacuation at Dunkirk, up to what the author calls the greatest Combined Operation yet to have been staged in the war, the landing in French North Africa. He details the training and experience each man has to go through in becoming a Commando and, with maps and pictures, shows precisely what took place before, during, and after each raid.

One of the curious notes Saunders points out in "Combined Operations," along with his thrilling descriptions of the actual raids, is that the official song of the British Parachute Troops is "Come Sit By My Side If You Love Me." Another odd thing the Commandos discovered was that one of the first objectives on Madagascar was a point of land bearing the name of Windsor Castle—the same name as that of the residence of the British Royal Family.

And in the raid at St. Nazaire, during the course of which H.M.S. Campbeltown was deliberately blown up to block a harbor gate, the French citizens of the town, thinking the British were actually staging a full scale invasion, turned on their Nazi oppressors. One little old lady was later quoted as saying that she saw her duty and did it, despite the weight of the flower pot.

Greyhound Official Explains Need For Limit On Trips

Why today's manpower shortage makes it increasingly important for the public to voluntarily limit pleasure trips and cooperate closely with transportation companies has been explained by F. W. Ackerman, vice-president of Pacific Greyhound lines.

"If selective service boards induct an appreciable number of fathers this year, the manpower shortage of intercity bus companies will become even more acute," Ackerman said, quoting from a study just made by the National Association of Motor Bus Operators.

"This study," Ackerman stated, "shows that 73 per cent of all bus drivers are between 21 and 37 years of age, and 62 per cent of maintenance personnel are between 18 and 37. Most of those men have been deferred because they have children. Last year the nation's bus lines lost nearly half of their bus drivers principally to the armed services, although transportation is considered a vitally essential vocation. In addition to their replacement, the bus lines had to greatly increase the number of drivers to take care of wartime transportation demands. And the problem is not only one of employment, but also of training, because every new bus driver is required to take a lengthy course of instruction in the interests of public safety. There was an even higher rate of turnover in the maintenance departments, because of employees joining the military forces."

This problem of employment is one of the most important reasons why transportation companies are urging the public to limit all their travel to trips that are absolutely essential, the bus executive pointed out. "Speaking for Pacific Greyhound Lines," Ackerman said, "our load is constantly increasing and will continue to increase as the tempo of war is stepped up. While vacation travel cannot be considered essential, it is desirable in many cases, but it is important that people should do as little traveling as possible and do that traveling on Tuesdays, Wednesdays and Thursdays only, instead of over the week-ends when the greatest number of military personnel travel and all available transportation facilities are crowded."

Bank Of America Head States Post-War Views

Lower income groups, because they now hold a vastly increased volume of "optional purchasing power," will largely determine domestic economic conditions after the war, according to L. M. Giannini, president of the Bank of America.

Asked to contribute his thoughts to the general discussion on post-war problems, the banker said that many do not yet realize what a tremendous shift in optional purchasing power has been occurring.

Explaining that the amount of income remaining after deducting basic living costs and taxes from gross income constitutes optional purchasing power, Giannini stated that the three quarters of the population who are in the lower income groups now hold more than twice the optional power they had in 1936.

"In the higher income group, comprising less than a quarter of the population," he said, "optional purchasing power has been cut almost in half during this period." This shift, he added, has been of particular importance to California, where there has been a great expansion of industry, and many of the workers are saving money through the purchase of war bonds and the building of savings accounts.

"For many years to come the prosperity of the country will be based on the excess purchasing power of the lower income earners, as this group not only will have large aggregate savings but will be in a position to spend more and save more than the larger income group," Giannini said.

Daly City Girl Runs For Office At Jaysee

A Daly City girl, **Mary Lou Becker,** is a candidate for vice-president for the fall semester at San Mateo junior college. Elections are being held, this week.

The elections are among the numerous student activities which conclude the spring semester at the jaysee. Graduation exercises will be held in the Woodland theatre, Hillsborough, Friday morning, June 18.

To Tighten Up Control On Liquor

Operators of liquor establishments who sell liquor to minors are in for new and more severe penal action, according to an announcement today by the California State Board of Equalization. Speaking for Daly City and San Mateo county, as a whole, Supervising Liquor Control Officer Earl McCann said the new penalties will be drastically enforced here.

In a resolution adopted by the board, a minimum penalty of 15 days' suspension has been set for the first violation of selling liquor to a minor. Any succeeding violation, McCann said, probably will bring either indefinite suspension, or complete revocation.

McCann declared that starting today he is assigning a staff of special liquor control men to guard against sale of liquor to minors. He cautioned that anyone selling any kind of alcoholic beverage, beer included, to a minor will be severely dealt with. McCann said he has received orders directly from Commissioner George R. Reilly, member of the board for this district, not to "spare the horses" in the new campaign designed to protect those under 21 years of age.

VISIT IN DALY CITY

Mr. and Mrs. Sidney Silver and their three children are spending two weeks visiting in Daly City at the home of **Ben Silver,** 119 Hillcrest drive. Sidney Silver, son of Ben Silver, is an engineer at Bishop, California, where he and his family make their home.

TIME YOUR TRAVEL
to aid the war effort

FRIDAY, SATURDAY, SUNDAY, MONDAY

On these four days, most service men and war workers travel, and they must be served.

TUESDAY, WEDNESDAY, THURSDAY

Other travelers should confine their essential trips to these three days only.

There are only so many buses and bus seats. Practically every seat is working day and night to carry vital war traffic and other passengers whose travel is essential to the nation's welfare.

Fridays, Saturdays, Sundays and *Mondays* are the busiest. On these days there is little room on the buses for people whose travel isn't absolutely necessary.

Tuesdays, Wednesdays and *Thursdays* are the days on which we are better able to serve travelers whose business may not be directly connected with the war.

Even in mid-week, our frank advice is: If you can postpone or eliminate the journey, please do so.

And for those who *must* travel, we repeat three important suggestions, which, if followed, will aid the war effort by making conditions easier for all travelers.

WARTIME TRAVEL SUGGESTIONS
1. *Consult your local Greyhound agent well in advance so he can help you choose the least-crowded schedules.*
2. *Arrange trips whenever possible to go and return during mid-week rather than on week-ends.*
3. *Carry only the baggage that is absolutely necessary.*

Featuring garden specials

It's time by the calendar to begin featuring garden specials on the menu and save those canned goods for future days. These garden specials can well be served as double-duty foods, for they can be both the main course and the vegetable course . . . time-savers and appetite satisfiers all at the same time.

SAVORY STUFFED TOMATOES

Wash tomatoes, slice off stem end and scoop out the center leaving a tomato cup. Chop pulp and mix with any of a number of foods such as chopped left-over meat, shredded cheese, mashed hard-cooked eggs, precooked vegetables, and or bread crumbs. Season to taste and refill tomatoes. Place in a greased baking dish and bake in a moderate oven (375°F.) for about 20 minutes or until tomato cups are tender. A grand way to use up left-overs and still have a tempting dish.

SPINACH SCRAMBLE

Cook fresh spinach until just tender, cut finely, and add to scrambled egg mixture. Scramble eggs as usual. Serve hot as hot with tomato wedges for garnish. Tasty, attractive and certainly satisfying.

CARROT LOAF

Steam 2 cups coarsely shredded carrots in just enough water to cover bottom of pan. While still hot, combine with 1½ cups soft bread crumbs, ½ cup peanut butter or finely ground nut meats, grated onion or onion juice, and salt and pepper to taste. Stir in 2 well-beaten eggs to bind ingredients together. Pack into greased loaf pan and bake in moderate oven (350°F.) for about 30 to 40 minutes or until firm. Unmold, slice and serve as you would meat loaf. May be topped with a peanut butter white sauce.

FILLED SUMMER SQUASH

Cook small, whole squash until tender, split while still hot and scoop out pulp. Mix pulp with ground left-over or fresh meat, a touch of sage, cracker crumbs, salt and pepper to taste, and enough evaporated milk to hold ingredients together. Refill squash, place in baking dish with just enough water to cover bottom of the dish, and bake in moderate oven (350°F.) for 30 minutes or until meat is cooked and squash is slightly browned.

On a complaint signed by Hammar they were held by local police for trial on charges of burglary. Date of the trial is yet to be set and further particulars in the case may yet come to light, according to Police Chief James G. Reardon, who contacted San Francisco police and arranged for the pickup of the San Francisco lad involved in the theft.

Tomorrow, June 4, at 2 p. m. Earl Claude McCoy, San Bruno, will face Judge William J. Sweeney at traffic court to answer charges of driving while intoxicated through a dimout area with bright lights.

Friday night, May 28, at 10, Auxiliary Police Officer Sylvio Bollentini called for aid from the Daly City Police department in taking McCoy into custody. Officer Walter Davis responded and found the motorist intoxicated and in no condition to be behind a wheel. He had been driving south on Mission in his Ford sedan at a high rate of speed with bright lights.

McCoy was taken to police headquarters. Saturday, May 29, he was released on $50 cash bail to appear in traffic court, June 4.

Southern Pacific Outlines Essentials

For the successful handling of the ever-increasing war load, the most pressing needs of the railways, as faced by Southern Pacific, are for men, motive power, and continued cooperation of all concerned with [redacted] use of railroad ser[redacted]

This is the answer of A. T. Mercier, president of the Southern Pacific company, to the question "What do the Railways Need to Continue their Record Service?," propounded by Railway Age for its "Freight Progress" issue, just off the press.

"Current shortage of men on our system is around 10,000," says President Mercier, who advocates importation of Mexican track workers, and consideration by draft boards of the railroads' need for experienced men.

Southern Pacific has employed 3,000 additional women, who are performing work formerly done exclusively by men, Mercier points out. In addition, the company is now receiving an average of 4500 man-days of work each weekend from "white collar" track crews, made up of business and professional men and students.

In spite of Southern Pacific's very large purchases of engines since 1939, locomotives comprise the most important item in the list of equipment for which materials are needed, Mercier says.

Cooperation within the railroad industry and with transportation users and government agencies, together with the helpfulness of the press in presenting the facts as to transportation, is praised by the Southern Pacific president.

Taxpayers' Association Makes Recommendation

"A cut of at least 5 cents in the San Mateo county tax rate can be made if old age aid rolls are held to their April, 1943, levels," California Taxpayers' association stated today, following its study of changes made by the legislature in the old age assistance law and their effect on the tax rate of California counties.

"During April, 1,777 needy aged persons received old age assistance in the county," the association stated. "Under the present law, the annual cost to the county for this case load would have been about $129,100 or about 9.8 cents on the county tax rate, based on the county's assessed valuation for this year.

"Under the new financial set-up, the annual cost to the county for such a case load is estimated to be $62,900. This amounts to a possible saving of $66,200 equal to about 5 cents in the county tax rate."

Such a reduction, the association pointed out, is dependent on the old age assistance rolls being held to their April, 1943, level. Throughout the state, the number of people dependent on old age aid has been decreasing since the late 1941 and early 1942 highs.

Add Improved Service At Frank's

An improved lubrication service is being announced, this week, by Frank's Union Super Service Station, 6200 Mission street. Albert Rehe, for the past eight years an expert in that line at a large downtown station, has joined the staff and will be in charge of the greasing department.

Frank Rehe, proprietor of the business since its opening earlier this year, will continue in charge of the motor tuneup and repair department.

Featured is the Union Oil company's "Stop-Wear" lubrication system, and the company's specialized products are used throughout.

of all services, who in turn are to see that they are distributed to their groups at once. These forms will bring Daly City's civilian defense rolls up to date, weeding out those who have moved away or lost interest. New volunteers are asked to fill out their registration forms at civilian defense headquarters, Room 2, city hall, 75 Wellington avenue.

In conjunction with the re-registration, all those who have been issued paraphernalia, such as helmets or gas masks, are asked to return it to the council. Every bit of equipment must be accounted for and returned Bodien said.

Gas masks quickly lose their protective qualities and must be reconditioned or new ones issued.

The new registration form is called "Personnel Record—U. S. Citizens Defense Corps" and covers completely the volunteer's status as a citizen and a C. D. worker. Those who are properly enrolled under the new registration will be eligible for federal insurance in case they are injured in their line of duty.

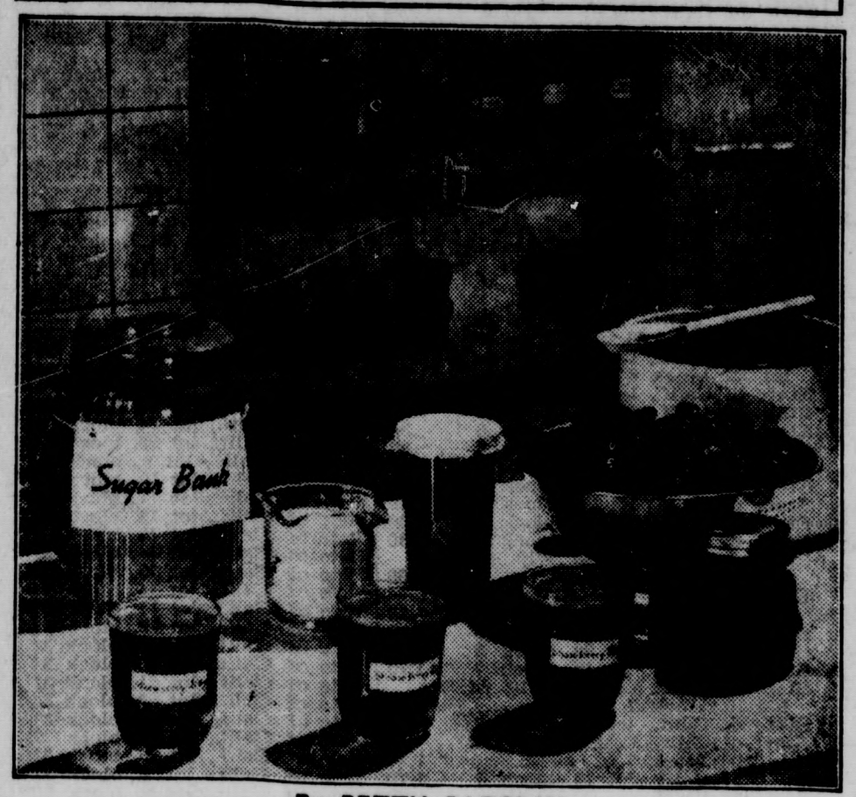
Every Pantry Needs a Sugar Bank



By BETTY BARCLAY

Have you a sugar bank in your home? If not, take heed, for this year no well-bred kitchen is complete without one. And it is such a simple form of banking . . . with all credits and no debits for resourceful homemakers.

When you bring home your sugar ration—take one cup, two cups, or as much as you can spare—and place it aside in a separate container. When fresh fruits are available, this surplus will prove invaluable with your summer jams and jellies.

And don't forget that short-boil recipes will conserve your time and valuable materials as well. With the use of natural fruit pectin, precious fruit juices will not be boiled away. One minute is sufficient for jams and a half-minute for jellies . . . and the flavor of fully ripe strawberries is a real treasure to add to any jam cupboard. Follow these accurate recipes carefully:

Strawberry Jam
4 cups prepared fruit
7 cups sugar
½ bottle fruit pectin

To prepare fruit, grind about 2 quarts fully ripe strawberries, or crush completely one layer at a time so that each berry is reduced to a pulp.

Measure sugar and prepared fruit into large kettle, and mix well.

Bring to a full rolling boil over hottest fire. Stir constantly before and while boiling. Boil hard 3 minutes.

Remove from fire and stir in bottled fruit pectin. Then stir and skim by turns for just 5 minutes to cool slightly, to prevent floating fruit. Pour quickly. Paraffin hot jam at once. Makes about 10 glasses (6 fluid ounces each).

Ripe Rhubarb Jam
3½ cups prepared fruit
4 cups sugar
1 box powdered fruit pectin

To prepare fruit, trim and slice fine (do not peel) about 2 pounds small red-stalked rhubarb. Add 1 cup sugar, mix, and let stand 15 minutes. (This 1 cup sugar is in addition to the 4 cups specified above.)

Measure sugar into dry dish and set aside until needed. Measure prepared fruit, solidly packed, into a 5- to 6-quart kettle, filling up last cup or fraction of cup with water if necessary.

Place over hottest fire. Add powdered fruit pectin, mix well, and continue stirring until mixture comes to a hard boil. At once pour in sugar, stirring constantly. (To reduce foaming, ¼ teaspoon butter may be added.) Continue stirring, bring to a full rolling boil, and boil hard 1 minute.

Remove from fire, skim, pour quickly. Paraffin hot jam at once. Makes about 7 glasses (6 fluid ounces each).

County Licenses Homes For Children

At a recent meeting of the Child Welfare section of the Council of Social Agencies of San Mateo county the pressing need for the care of children of working mothers was discussed at length. It was determined at this meeting to make an appeal to home makers throughout the county to apply for licenses for the care of children—either day care or care on a weekly basis. Licensed homes are assurance to working mothers that their children will have dependable care. These licenses can be obtained, without cost, upon the approval of the San Mateo County Department of Public Health and Welfare in the court house at Redwood City. Mrs. Lavilla Heaney, head of the county Child Welfare bureau, will give careful attention to those seeking licenses which her department is empowered to issue.

It is planned to provide day care, the child going in the morning to the licensed home and returning in the evening; and also weekly care where the child will remain away from home during the five or six day work week, returning to be with its parents for week ends.

The plan is well sponsored by the Child Welfare section of the Council of Social Agencies. It but remains for more home makers to list themselves for the care of children. The Welfare division of the County Public Health and Welfare department at Redwood City will act as a clearing house to list homes and give working mothers this list of homes and their location. It is obvious that homes should be found in all sections of the county to meet the pressing demand.

It is a real aid to the war effort to provide for the care of children of working mothers. The government is urging women to go into war work to help, in a measure, relieve the shortage of manpower. It is almost a superhuman task for mothers to put in an eight hour shift, delivering their children to another home before work and then picking the children up after work, providing meals and performing other household duties.

NEWS FROM JEFFERSON UNION HIGH AT DISTRICT SCHOOLS

By Verna Moresco

EXECUTIVE BOARD

The regular meeting of the executive board began at 7:58 a. m., last Tuesday. The minutes were read and approved.

The question of voting was discussed as the voting machines could not be obtained. President Ralph Capps read names of candidates for offices.

Capps checked to see if everyone was eligible to run.

A week from Monday, June 7, 1943, the installation of officers will be held. The meeting was adjourned at 8:04.

A special meeting was held preceding the regular board meeting, May 25.

Secretary Dorothy Nelson finished reading the corrections for the constitution. The board voted on having a separate constitution for Boys' Athletic association.

SENIOR BALL

Tomorrow night, June 4, is the big night for the seniors. Maybe not the most important, but the most enjoyable! It is their senior ball. They have worked hard and it is said that it will be one of the best balls held here at Jefferson for many years. The theme of the ball will be "South Sea Island." Chairman of the senior ball committee is Shirley Rice.

FIELD TRIP

After postponing their field trip a week, the Naturalist Society members enjoyed a nice trip Sunday, May 30. The expedition headed about six miles from school along the new highway to San Bruno.

MORE BONDS 'N STAMPS

During competition week, May 17-21, over 105 bonds were sold. There were enough purchased to buy 52 life rafts. Each raft will hold five men. Thus the Jefferson students, by buying bonds and stamps may be instrumental in saving 260 lives.

The most outstanding salesmanship was shown by the following students: Dot Nelson, $3,145, a total of 10 bonds; Don Nelson, $1,-061.50, a total of 6 bonds; Lois Rich, $843.75, a total of 8 bonds; Eva Claus, $302.45, a total of 13 bonds; Tony Aiello, $225, a total of six bonds; Donald Clem, $168.-75, a total of 3 bonds; Audrey Kusber, $157.75, a total of 5 bonds; Helen Capps, $155.25, a total of 8 bonds; Matt Borg, $150, a total of 2 bonds; Donna Davis, $150, a total of 5 bonds; Ken Hatt, $117.50, a total of 6 bonds.

The Jefferson students really showed their patriotic spirit when they put over the sale of nearly $10,000 in bonds and stamps in one week.

Fine work was done by the girls selling stamps, by those who helped Miss Smith make out bond sheets, those who planned and took part in the boy-girl assembly, the girl who supplied the swing records for the morning music, the bond purchasers, the mimeograph department, and the staff at the Colma bank.

William Lagomarsino, local business man, purchased a $1,000 bond.

1944 AQUACADE

The spring of 1944 will bring Jefferson another triumph. Miss Claire Nace and Miss Ella Redkey are planning another aquacade. As most of the students know there were two held in the past, which proved very successful. Next year's aquacade will be based on the idea of a circus. The proposed date of the aquacade has been announced as May 1, 1944.

Girls of Jefferson G. P. A. L. had a swimming meet with Burlingame, Thursday, May 27.

Some of the graduating seniors of Jefferson Union high school have participated in the San Francisco State College semi-annual essay contest. The subject is, "Why Go to College Now?"

All Bay region high schools are participating.

Some of the students entering are: Louise Baciocco, Leslie Greig, Kay Lyons, John Mosman, Andrew Parodi, Leslie Scott, Beverly Slade, and Gwendolyn Stegeman.

ELECTION

Election, ballots, and voting! It was a busy day for voters and a worrisome one for the students who were running for office. The following people ran for offices: president, Ken Hatt; vice-president, Lenore Ross, Art Knight; secretary, Dorothy Nelson, Alberta Marks; treasurer, Metha Woods; sergeant-at-arms, Al Chelone, Bud Fellows; judge, Helen Capps; yell leader, Elsie Belli, Winifred Grant.

The winners were: Ken Hatt, Lenore Ross, Dorothy Nelson, Metha Woods, Al Chelone, Helen Capps, and Elsie Belli. Let's hope they have a successful term!

BONDS 'N STAMPS

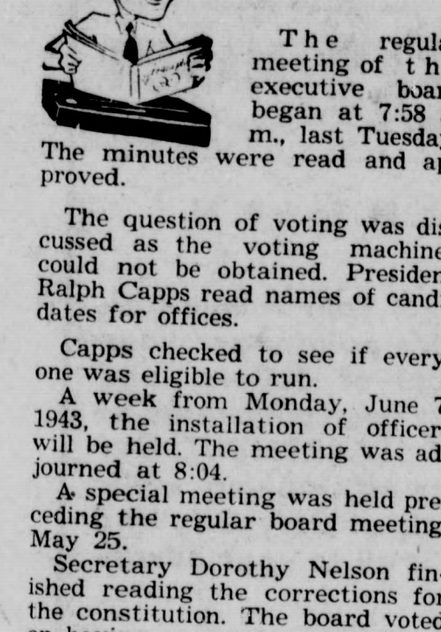
Prizes, surprises, and fun for all! This is what was in store for anyone who bought any stamps or bonds for the pay assembly Friday, May 28. The program was on the order of a quiz program. Master of ceremonies was President Ralph Capps. The Indians of Rhythm, who were the center attraction on the program, played a few specialty numbers.

Six contestants were chosen: Margie Denton, Andy Parodi, Bill Fisher, Louise Ross, Jim Fairchild, and Verna Moresco. The contestants were asked musical questions and Margie Denton won out. The winner was given a number of defense stamps, and the other contestants were each given one 25c defense stamp.

If the contestants failed to answer, the student body was given a chance, and did they know the answers!

The judges for the program were Jerry Martin, Clayburn Thompson, and Franklin "Squeaky" Petiti. Last but not least was John Mosman, time-keeper.

Everyone had a good time even if some of the contestants couldn't answer some of the questions.



AT JEFFERSON

Upon completion of their social studies unit on "Pioneer Life" which finished with a lantern slide program, the fifth grade started their unit on "Communication." This unit is divided into four major parts: printed matter, telephone, telegraph, and radio. Besides considerable reading on the subject, class discussion, oral reports, and free-hand drawings, the class will have an opportunity to see four very fine motion pictures supplementing their unit. These pictures are: "World of Paper," "Airwaves," "Television" and "Communication by Electricity."

CIRCUS

A circus is the main topic of interest in the kindergarten, these days. They have constructed a merry-go round, ticket office and refreshment stand. The daily milk and graham crackers are dispensed from the refreshment booth and are paid for with make-believe money, (milk bottle tops). A clever puppet show, with toys manipulated by the children, adds to the enjoyment.

Since a circus would not be complete without a parade, the kindergarteners have made huge elephant ears and horses heads to represent these animals and soldiers' hats for the band members to wear. The unit has created so much enthusiastic response that it is reflected in many original drawings and easel paintings.

AT CROCKER

Having participated early in the year in the "Schools-at-War Program" and submitted a "Schools-at-War Scrapbook," Crocker school is proud to report that it has received a large certificate from the U. S. Treasury with the school name inscribed on the front and signed by the secretary of the treasury, Henry Morgenthau, jr.

This certificate of distinguished service is displayed in the hall of the school. Students and teachers are very proud to have received an accompanying letter thanking them for their efforts in furthering the War Savings program, as well as being the proud owners of the certificate for a keepsake.

JEEP RIDE WINNERS

Evelyn Blandini, high sixth grade pupil of Room 4 and Andrew Barone, high seventh grade pupil of Room 6 were the winners in the recent tin drive. As a reward these two students were given a ride in a "jeep."

Other students who participated in the competitive drive and brought tin were: Juana Lou Williams, Cristobel Holcomb, Eunice Robertson, Shirley Svani, Andrew Barone, Shirley Downie, Barbara Bordson, Gloria Michelson, Miriam Miller, Mary Lee Lund, Evelyn Blandini, Peggy Chamberlain, Jean Rusting, Pamela Harvey, Patricia Holcomb, Allan Petersen, Walter Anderson, Marie Baldette, Alberta Kingsland, Richard Vers, Joan Siino, Evelyn Davis, Eliza Paradiso, Betty Jean Cheli, and Gloria Piacianti.

ROOM 2

The children were sorry to lose their classmate, Betty Jean De Long, who moved to Los Angeles.

ROOM 3

Lillian Gimle, of the sixth grade, returned to school Monday after being absent six weeks due to illness.

George Haley spent Sunday at Alum Rock, San Jose.

Richard Dickson picknicked at Searsville lake, Sunday.

ROOM 4

Several of the boys enjoyed the recent warm-weather weekend fishing. Among them, Fred Bricker fished at Franklin Point in Santa Cruz county, James Maldi at Santa Cruz, while Leonard Gonterman went to Port Costa.

ROOM 6

Reinhold Peterson spent last Sunday at Rockaway Beach, where he received quite a sunburn.

Barbara Bordson went to the policemen's ball in San Francisco, last Saturday evening, where she saw Governor Warren.

The following boys spent a week-end fishing, recently, at the municipal pier in San Francisco: Horace Siino went there Saturday morning and caught 14 fish. That evening he left for La Honda where he stayed until Sunday night. Howard McCarten and Richard Ryan were successful with their fishing too.

AT WOODROW

Eloise Harrison, of the eighth grade, and James Dorman, of the fifth grade, were the two winners in the Tin drive. Both enjoyed the ride in a jeep, the award for the boy and girl bringing in the most tin.

ROOM 4

Interesting objects of fine glass and porcelain ware have been a source of interest to Room 4 in connection with the study of various industries.

ROOM 12

A culmination of their unit, "Story of the Sea," and an introduction to their new unit, "Travel by Land," was given when Room 12 saw the film "Development of Transportation."

ROOM 15

Room 15 saw a very interesting film on "Airways." It was a picture showing the many steps of a radio program, before it is finally heard over the air. The children of the low and high fifth grades enjoyed the film very much.

Booktrucks Are Painted By Lions

Two trim gray booktrucks, decorated with the insignia of the American Red Cross, have been completed by members of the Daly City-Colma Lions club. Material for their construction was purchased through donations of various local organizations, each of which will have its name displayed on the truck for which it supplied the money.

Eight more are in process now and more donations are sought. The booktrucks are used in hospitals for wounded service men in this area, distributed by the Junior Red Cross. Other local groups wishing to contribute to this important welfare project may do so by contacting R. L. Crane jr., 140 Woodrow street.

Michael Markovich Local Pioneer, Dies

Michael Markovich, 73, pioneer resident of Daly City who has made his home here for more than thirty years, succumbed to a long illness, May 25. Surviving are his wife, Mrs. Katherine Markovich; two sons, Peter and Patrick Markovich; a daughter, Mrs. Mary Wille; and two grandchildren, Raymond Wille and Patricia Markovich. The family home was at 184 Santa Barbara avenue.

Funeral services were conducted, Thursday, May 27, at 9:30 a. m. from the W. C. Lasswell and company chapel. Requiem high mass for the repose of his soul was celebrated at Our Lady of Perpetual Help church at 10 a. m. and interment followed at Holy Cross cemetery.

Markovich was a member of the Austrian-American Benevolent association and of the Slavonic Mutual and Benevolent society.

Hold Services For Mrs. Chapman

Services were conducted, Sunday evening, May 30, at the W. C. Lasswell and company chapel by Daly City Unit No. 410, American Legion auxiliary, for Mrs. Lottie May Chapman, past president of the unit who succumbed, May 28, in San Francisco.

Mrs. Chapman, who had resided at 61 Bruno avenue, is survived by her husband, Felix Chapman, and a sister, Mrs. M. K. Crawford, of Los Angeles.

The remains were shipped to Los Angeles from Lasswell's for funeral services and interment.

your postal district in your address."

Number for all of Daly City and Colma is 25.

Residents are asked to place this number in their return address on all mail matter.

The new system has been instituted because war-time manpower drains have left the post office with a severe shortage of trained personnel. This system will allow less skilled help to sort mail.

All business firms should show their district number on the return address of mail matter sent out, Guptill said. This should be borne in mind when ordering printing, etc. The local post office or the superintendent of mails will furnish any firm with a mailing list of San Francisco residents with the proper district number for each of them, without charge, if a list is submitted.

"The important thing to remember," Guptill pointed out," is that your address is no longer complete for mail purposes unless your district number is included."

Failure to include the postal district, he said, will result in delayed delivery.

Are You "Flunking" In Tin Salvage Course?

which is now controlled by the Japanese.

Daly City's setup for tin salvage is directed by R. L. Crane jr. and pupils in the district grammar schools act as collection agents. If no youngster calls regularly for your tin advise Crane at 344 Santa Barbara avenue. Remember—tin cans must be properly prepared. It's easy to do it right—just remove labels, wash thoroughly, cut out ends and crush can flat.

Elementary, see! How about working up to a passing grade, Daly City?

Well, What Do You Do It For Anyhow, See?

So you don't like to drive all the way to South San Francisco to find out about those gasoline rations or that new tire! Well, why do you?

Miss Genevieve Blue, chief clerk of War Price and Rationing Board No. 83-12-3, serving the Daly City area, reminded local residents, today, that much of the detailed rationing business can be handled by mail. She advised against unnecessary trips to South San Francisco when communication by mail would be adequate.

Help Them Do Their Part!

If you are aiding the government's program of food production at home by raising Poultry, Rabbits, Pigeons or livestock, be sure you are doing it as well as possible.

For best results, use ALBERS or A-1 specialized feeds to help them through the various stages of growth, and for maximum egg, milk or meat production.

Some of the many feed mixes designed for specific results include: Baby Chick Starter, Growing Chick Mash, Chick Scratch, Start To Finish Mash, Utility Egg Mash, Laying Mash, Milk Control Mash, Calf Food, Rabbit Pellets and Pigeon Feed.

We also stock fancy new green Alfalfa Hay, whole and milled grains, brick salt, oyster shell, charcoal, poultry and livestock remedies.

FARMERS MEAT COMPANY

THERE ARE
GOOD REASONS

WHY MEAT PLAYS A BIG PART IN THE MENUS OF ALL BRANCHES OF THE SERVICE

Meat is necessary to provide the body fuels for quick, hard action such as our servicemen undergo. It makes them stronger, more rugged, and aids quick, clear thinking in "tight" spots.

Civilians need these qualities in foods too, especially in war time. Get your full quota by buying prime quality cuts of good meats at the FARMERS MARKET.
